

information

OCEANEERING CONTRACTORS (PHILIPPINES), INCORPORATED is a 100% Filipino-owned and managed corporation established by MARIANO R. PEDRIGAL, a pioneer in the Philippines for commercial diving.

The Company boasts of decades of specialization and proven expertise in various aspects of civil works and oceaneering services.

It continuously strives for optimum efficiency and reliability in all the projects it undertakes, with a balanced complement of professional men and machines and its safety programs playing a major role in the enhancement of these objectives. The Company's high level of safety consciousness, particularly in critical projects involving oil refineries, piers and other structures, enabling it to accomplish its projects with zero chances of errors and injury to life and property. The Company boasts of a 100% Safety Record to date.

Through years of experience, the Company has honed its services to the highest degree of efficiency, making it one of the most reliable oceaneering service contractors in the country today.

SCOPE OF SERVICES

A. General Engineering / Civil Works / Earth Works:

Construction of Off-Shore Structures

Concrete Jacketing

Epoxy Pressure Intrusion, Putty and Grouting

Pile Driving

Tank Construction

Construction of Warehouse

B. Non-Destructive Testing Services:

Ultrasonic Thickness Gauging

C. Corrosion Prevention by Cathodic Protection:

Impressed Current Cathodic Protection

Galvanic-Type Sacrificial Anodes

D. Survey / Inspection Works:

Hydrographic / Topographic / Oceanographic Survey

Seabed Survey, Debris Survey, Marine-Growth Survey

Survey / Inspection with Digital Photography, Video and

Closed-Circuit Television

Corrosion Damage Inspection

Scour and Stability Inspection

Structural Integrity Assessment

E. Other Services:

Hydro Testing

Hydro Blasting

Submarine Cable Installation

Underwater Demolition and Blasting

Underwater Hydraulic Hull Scrubbing

Underwater Pipe Cleaning

Underwater Pipeline Laying and Removal

Underwater Pipeline Insulation

Underwater Oxy-Arc Welding and Cutting
